To whom it may concern,

Conflict Minerals Declaration

United States Brass and Copper shares the worldwide concerns about human rights violations and the use of natural resources to fund armed conflicts in the Democratic Republic of the Congo. In July 2010, The United States Congress signed into law the Dodd-Frank Wall Street Reform and Consumer Protection Act containing in Sec 1502 The regulation of conflict minerals known as the Dodd-Frank Act.

Our global policy is to uphold the law and to help prevent humanitarian emergencies In such conflict areas.

Due to our continual ongoing analysis of our supply chains, we confirm that to the best of our knowledge we do not procure materials that include metals from “conflict areas” such as the Democratic Republic of the Congo.

Sincerely,

James Manager

Quality Manager
